

# Earth Day

By Dream Green

Now, what exactly is  
Earth Day?

- ★ Earth day is an annual event celebrated around the world to demonstrate support for environmental protection & this year it is on Wednesday 22nd April.
- ★ This year, the theme for Earth Day 2020 is climate action
- ★ It was first celebrated in 1970, so this year it is the 50th anniversary!

How did Earth day  
start?

- Earth Day was a response to an environmental crisis - oil spills, smog, rivers were so polluted they caught fire.
- On April 22nd 1970, 20 million Americans protested environmental ignorance and demanded a new way forward for the planet.
- The first Earth Day is credited with launching the modern environmental movement.
- This resulted in action - the Clean Air, Clean Water and Endangered Species Acts were created in response to the first Earth Day in 1970.

# Important video !

- ★ Watch the following video to hear more about Earth day and become more informed about what has happened to our world.

<https://www.youtube.com/watch?v=XBrnnByieL4>

# What can you do?

- ★ Check out Earth Day's official website in order to take action; join the Earth Day live; donate and more <https://www.earthday.org>
- ★ Reduce, Reuse and Recycle!
- ★ 20 minutes of Earth Day Yoga :  
<https://www.youtube.com/watch?v=FQ74ZykbFFE>
- ★ Choose more sustainable foods and products
- ★ Turn off lights & other electronic appliances
- ★ Do some gardening
- ★ Follow [@dreamgreen4bham](#) for more resources and information

# Show us!

- ★ Send us images/let us know about how you've been eco-friendly at home by sending to our email: [thedreamgreenteam@gmail.com](mailto:thedreamgreenteam@gmail.com)
- ★ This could be anything: gardening, finding interesting ways to reuse a plastic bottle or having an hour of lights off on Earth Day. It's up to you to get creative.
- ★ Add these images to the **extra curricular google classroom**.
